COMMUNION SETS.

VESSELS WITH WHICH TO ADMINISTER THE LORD'S SUPPER.

THE most sacred ordinance that can be observed by all churches is that known as the Lord's Supper or, in other words, Sacrament. We do not think it is in keeping with these sacred ordinances of the Lord's Supper in church now-a-days to try to administer it with out the proper vessels.

Every Church Ought to Have a First-Class Communion Set.

They can have them made out of the best grade of quadruple-plated table silverware if they desire them. The Church Supply Department of the National Baptist Publishing Board has just received from their factory a new lot of this high-class ware, and would take pains in showing them to any one.

The Prices are Within Reach of All and Terms are Reasonable.

No church ought to be willing to use glass dishes or the like for these ordinances when they can have the best grade of silver at moderate prices.
